SUBJECT: Support of SB 1 (Beall) – Transportation Funding Package

Dear Senator Beall:

The California Railroads are pleased to support SB 1, your transportation funding package. The bill will provide billions of dollars annually to repair and maintain our state and local roads, improve our trade corridors, and support public transit and active transportation. The California Railroads support this major reinvestment in our economy and infrastructure, including ongoing funding for transit capital projects and operations, freight and goods movement projects in California’s critically important trade corridors, local safety projects and railroad grade separations.

If you have any questions, please contact the governmental affairs representatives of the railroads listed below.

Sincerely,
